## 1st Angel Investor Meeting

As part of the SMARTNET Investor Meetings, ten entrepreneurs who have received mentorship will be brought together with nationally accredited angel investors, providing them an opportunity to present their ventures to these investors.

### Which Entrepreneurs Will be Presented to the Investors?

The entrepreneurs participating in the SMARTNET Investor Meetings are ten innovative founders who  
have completed 38 different foundational entrepreneurship modules,  
have received 60 hours of advanced entrepreneurship training,  
have participated in 40 hours of mentorship activities,  
have updated their business plans,  
and have been selected by the SMARTNET Evaluation Committee since the project's inception.

### Entrepreneurs Preparation Process:

In addition to their training and mentorship, these entrepreneurs received further support from the SMARTNET Team ahead of the Investor Meetings to refine and update their presentations.

### SMARTNET: Bridging the Gap Between Investors and Entrepreneurs

Within and beyond the scope of the SMARTNET Investor Meetings, the SMARTNET Project Team will continue to play a facilitator role to ensure robust and effective communication between investors and entrepreneurs at all times.
